

F.No. 168/NRCP/18-19 dated 30.1.18

List of equipment and their user charges

Name of the instrument	User charges (Rs)	
	Academia and Research Institutions	Industry and commercial entities
Micromanipulator system with microscope	300/hour	500/hour
Real-time PCR system	100/run	200/run
Atomic absorption spectrophotometer (Ca, Mg, Zn, Cu, Co, Fe, Mn and Se estimation)	1200/sample	2000/sample
Proximate analysis of feeds	1000/sample	2000/sample
Cell transfection system	1000/sample	1500/sample
Gas Chromatograph with autosampler	1000/sample	1500/sample
Small volume spectrophotometer	50/sample	100/sample
Pork processing equipments (slicer, bowl chopper, mincer, sausage maker and cooking vat)	1000/hour	1500/hour
Lyophiliser	750/sample	1500/sample
Chemiluminometer	1000/sample	1500/sample
Virology lab equipments and clean space	1000/hour	3000/hour
NIR analyser for pork/pork products	150/sample	300/sample
Texture analyser	100/sample	200/sample

Terms and conditions of usage:

- All the above are the user charges for the instrument and all the consumables to be brought by the concerned analysee.
- The timing of analysis has to be prefixed in consultation with the concerned lab incharges
- Repair or replacement charges to any incidental damages to the instrument by use of consumables /analyses has to borne by the user and neither institute nor its staff will be responsible for the repair/replacement.
- The user charges has to be paid through either advance online transfer or through debit/credit card at the time of analysis.
- The samples to be analysed should be pure and free from any contamination with infectious or hazardous material.
- The request for using equipment may be send to Email: nrconpig@rediffmail.com
