<b>Experience with research interest:</b>	
<p>Dr Kalyan De has completed his M.V.Sc. and PhD. in the discipline of Livestock Production &amp; Management from ICAR-National Dairy Research Institute (ICAR-NDRI), Karnal, Haryana. Previously, Dr De has worked on the impact of different environmental stress on behaviour and welfare of sheep at ICAR-Central Sheep and Wool Research Institute (ICAR-CSWRI), Avikanagar, Rajasthan. Presently, he is working on the behaviour and welfare of indigenous pigs. His area of interest is exploring the behavioral responses of pig in the different stages of life under changing environmental cues, refining the techniques for on-farm animal welfare assessment and identifying interventions to enhance animal welfare for the betterment of ambient production environments.</p>
